CONTENT:

- Report
- Team Building
- Analysis and Proposition

CONCEPT:

CONCEPT:

- Player and delegate
- Player and referee
- Questions:
 - Are these relationships to be considered normal?
 - Do they have any impact on the positive development of a match?
 - Can an adjustment in the management of relationships impact the positive development of a game?

CONCEPT:

Foundations of team building

- Focus on a clear & consistent set of goals
- Is the responsibility of every team member
- Motivated individuals to reach the goal
- Communication & cooperation through actions
- Listening to and respecting other team members
- The understanding that individual & collective goals merge
- Objectivity
- The Nomination of a leader who will coordinate the team
- Well defined roles
- Organised work with structure
- To realise the team potential as a unit
- A continuous process

The team building will

- Intensify mutual understanding
- Reinforce respect
- Strengthen team spirit and create encounters for people who usually just pass each other by
- Bring about a fused vision
