- Attacks and defenses
- Our job is to react if necessary

- Starts before (Show that you are there)
 - ❖ Warming up, pre match tasks, friendly but confident.
- During the match
 - ❖ Moving around, build up your lines, control the court...
 - ❖ ... And the substitution area too (1 official moving, only bottles, help the teams in substitutions but if clear mistake then suspension)
- After
 - ❖ Shake hands, but NEVER discuss

Beach Handball

Shoot outs

- Teams, coaches are often nervous. Show confidence, keep order
- Good task distribution! Who is watching what!
 - ❖ GK throw – watch the goal line.
 - ❖ Run with the player. Position.
 - ❖ Control the spin and the goal line.
- GK behaviour.

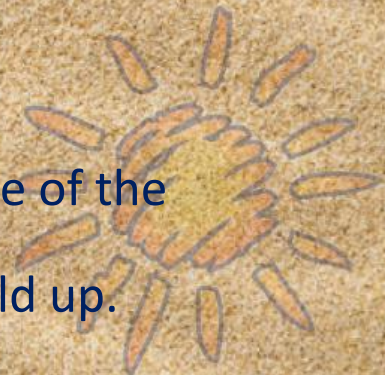

Beach Handball

Defense activities, block - offensive faults, passive play.

- Block
 - ❖ Safe distance. No collision before the throw. Dangeour vs excellent defence.
- Offensive Fault
 - ❖ The defens player should be stationary.
- Passive play
 - ❖ Have a line. Attacking team must attack on goal. Correct use of the forewarming signal. Shorter time, but give a chance for build up.
