EHF Competitions Commission / Technical Refereeing Committee

The Competition Commission (CC) has been part of the EHF structure since the foundation of the European Handball Federation in 1991/92. Back then, there was a Technical Commission dealing with all the technical matters in handball.

Due to the rapid development in handball, the Technical Commission soon split into two new commissions, the Competitions Commission and the Methods Commission. The responsibility of the CC is to deal with all competition matters of EHF events, playing systems of competitions, and the Referee and Delegate systems. In order to guarantee high level officiating all over the European handball courts, various programmes have been targeting referee- and delegate education with a special focus on young referees and female referees.

To take the subject to the next level, the EHF Executive Committee took a decision to set up a new specialised body. The EHF Technical Refereeing Committee (TRC) has been called into being to serve as a kind of “think tank” contributing to the further development of the European refereeing standards.

At the 2012 EHF Congress in Monaco Leopold Kalin/SLO was elected EHF CC Chairman and Dragan Nachevski/MKD EHF CC Member Refereeing. Educational programmes in refereeing are in the responsibility of the EHF Competence Academy&Network (CAN), closely cooperating with EHF CC and TRC.
