

PROGRESSIVE LINE, PUNISHMENTS, RED CARDS

The building up of the progressive line. How to settle your lines and keep them.

Suspension. Direct red cards.

Marilisa Sardisco

Stare Jablonky, 29/05-03/06 2018

Presentation topics

- What we mean by “progressive line”
- Verbal recall
- Suspensions
- Disqualifications
- Conclusions

Progressive Line

1) Verbal Recall

- Used before imposing sanctions
- Players or team officials are warned that any impropriety will no longer be granted by that moment

2) Suspension

- Inflicted when are not respected the game's rules
- Unsportmanlike conduct

3) Disqualifications

- Inflicted in case of second suspension
- Seriously unsportmanlike conduct

Verbal recall

Details

- Referees give a sort of “ultimatum” to players
- After this it follows the personal suspensions

Suspensions

Details

- All action directed at the opponent and not at the ball
- Expressions incompatible with the spirit of good sportmanship

Suspensions

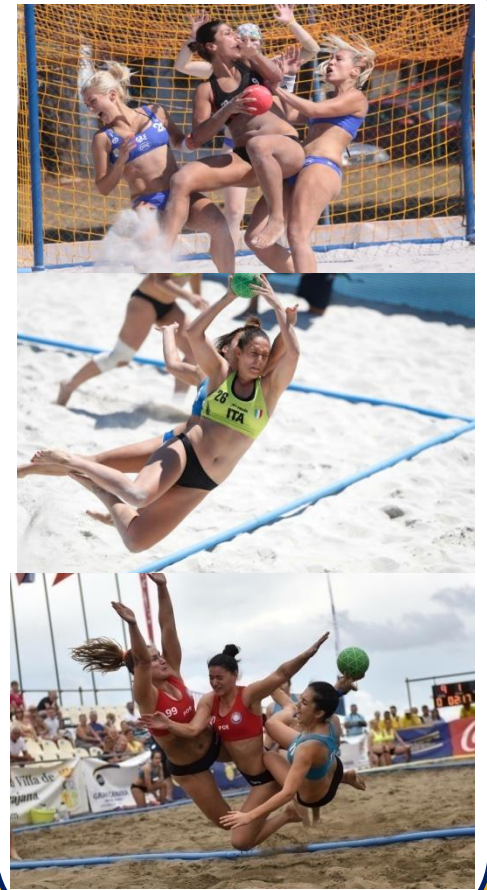

Examples

TO PLAYERS:

- Interfere with, impede or endanger an opponent
- For a faulty substitution or illegal entering of the court
- For failure to put the ball down when a free-throw decision is taken against the team

TO TEAM OFFICIALS:

- If enters to the court giving instructions to players or approaches opponents or referees

Disqualifications

Details

- Inflicted for seriously unsportmanlike conduct
- Inflicted in case of second suspension

Disqualifications

Examples

TO COURT PLAYERS AND TEAM OFFICIALS:

- Deliberately throwing the ball at an opponent during a stoppage in the game
- Taking revenge after having been fouled
- An assault by a team official
- A player who endangers the opponent's health when attacking him

TO GOALKEEPER:

- Leave his goal area and endanger the health of the opponent
- If him demonstrates a passive attitude during a 6-meter throw

CONCLUSIONS

- The progressive line is not a pre-established rule
- It must be decided based on the type of game
- It requires great skill of the referees
- It must be changed during the match
