# Correct referees' moving

## Movement to the sides (left-right)

- Trying to get a better position to see as much as possible
- Changing the court position according to ball's position

## Moving forwards and backwards

- Changing the position according to type of defence
- Changing the position according to playing system of attacking team
- Referee must react on changes by his movement

# Changing of referees' positions

Change the position as much as possible  
React on difficult and not clear situations  
Change the positions only in those moments  
when it is in accordance with the situation  
on the court

# Reasons for changing of referees' positions

Better position for referees on the court, e.g. by man-to-man defence

Repeated decisions of one of the referees for fouls against the same team

Punishing of the player (2 min suspension, disqualification)

Verbal warning or punishing of team official immediately diagonal change

# Good situations for changing positions

time-out

team time-out

7-meter throw

By giving punishment to player or team  
official

When the floor is cleaning (floor is wet from  
player's sweat, etc.)

# Situations when changing is forbidden!!

When the play is in a flow  
After scored goal

**Thank you for your attention!! 😊**
