Spin Shot

In Flight

Rule

9:2 Creative or spectacular goals are awarded with two points

Clarification No.1 Awarding of points. A goal scored in «inflight»

Rule (Comment)

- Spirit of the game and its specific philosophy have to be respected
- There has to be space for «creative or spectacular goals», which will be awarded with 2 points
- A goal is a spectacular if it is of high technical standart and it is evidently not a «1 point goal» which is based on fundamental technical skills
