EHF RINCK Convention Principles

- Coordination and mutual recognition of both standard guidelines and certificates in the field of coaches' education of handball in Europe
 - Preserving and safeguarding the regional and national characteristics of coaches' education.
 - Facilitating the direct admission to work as a handball coach in each of the signatory member federations, based on a coaches' education programme in European Handball which was initially divided into five categories
 - After the signatory nations' consent early in 2010 the EHF MC proposed a **4-category model instead of the 5 current levels** with regard to further action
 - **Flexibility at categories 1 and 2 to be able to include all EHF member nations for development reasons**
- A respective proposal was submitted to and approved of by the EHF ExeC (14 May, 2010) in order to facilitate both the EHF presentation and the signing of the 2010 Rinck Convention edition by the R.C. Signatories at the EHF Congress in Denmark.

2010 EHF RINCK Convention / Invitation for Non-signatories to join

ANNEX 2

Training requirements

	EHF MASTER COACH	III	II	I
Hours of education (minimum)	160	200	180	60
Theory (approximately) (in the conference room)	40%	50%	50–60%	30–40%
Practical (approximately) (on the field)	60%	50%	40–50%	60–70%

Active coaching experience minimum two (2) years between each category.

ANNEX 3

General Information on the Structure of Training Categories for Coaches

Category	Federation courses	Direct way to Institutional course	Direct way to University studies
I	<ul style="list-style-type: none"> minimum age: 16 years course minimum: 60 hrs certificate directly after examination 2 years coaching experience 	↓	↓
II	<ul style="list-style-type: none"> minimum age: 18 years course minimum: 160 hrs certificate directly after examination 2 years coaching experience 	<ul style="list-style-type: none"> minimum beginner age: 18 years course minimum: 600 hrs after examination certificate "category II" 	<ul style="list-style-type: none"> minimum beginner age: 18 years ↓
III	<ul style="list-style-type: none"> minimum age: 20 years course minimum: 200 hrs certificate directly after examination 	<ul style="list-style-type: none"> minimum beginner age: 18 years National Top Level Seminar (60 – 80 hrs) with certification after examination certificate "category III" 	<ul style="list-style-type: none"> course minimum sport sciences: 1200 hrs + handball specific: 1200 hrs after examination certificate "category II" ↓
	<ul style="list-style-type: none"> 3 years coaching experience ↓	<ul style="list-style-type: none"> 3 years coaching experience ↓	<ul style="list-style-type: none"> after 2 years coaching experience certificate "category III"
IV EHF Master Coach Certificate	<ul style="list-style-type: none"> minimum age: 23 years course minimum: 160 hrs (sport sciences and handball specific) certificate directly after examination ↓ <ul style="list-style-type: none"> continuous education 		

Category I and II are to be determined by the National Federation.

Category III remains in the responsibility of the National Federation.

Upon achievement of category IV the EHF awards the EHF Master Coach Certificate (with the preconditions of category III).

European Handball Federation

EHF Rinck Convention Objectives

- It has always been an **EHF objective** to put on offer a fair concept for **all 51 EHF Member Federation** to become a member of the Rinck Convention **in order to foster handball development by setting-up an appropriate coaching education structure/framework as well as to facilitate the mobility of coaches within Europe in compliance with EU standards (“Bologna Process”)**.
- After further discussions with the R.C. signatories and by motivating the current R.C. Non-signatories to join the Convention it shall be much easier in the near future **to set-up / introduce an EHF Coaching Licensing System (as of 2012) for the sake of handball development in Europe and the strengthening of the “professional status” of handball coaches in the EHF Member Federations (coaching as a recognized occupational field)**.
- In the spirit of **“Life - Long – Learning”**, the EHF together with its Member Federations shall take the responsibility for a further and continuous education of the EHF Master Coaches as well as all other **“licensed” coaches within the Rinck Convention**.

Coaching as a Profession

The EHF Rinck Convention's major objective is to create and protect the coaching profession and ease the way for the free movement of qualified coaches within Europe in accordance with European Law/EU Standards. The EHF also wants to promote the exchange of coach education by encouraging its 51 member federations to share technical knowledge with the overall benefit of European Handball in mind –

Awareness of the coaches' contribution
for the development of the game

To promote the idea that coaching is a profession recognized in the same way as a teacher or a doctor, because there is professional training, apprenticeship, qualifications and “front-line” tasks to be fulfilled

Using Mini Handball, StreetHandball, Handball at School and Beach Handball to fight obesity and deal with other problems in a social context (integration, gender, violence prevention, drug and internet addiction, etc.)

EHF Competence Academy & Network

European Handball Federation

EHF Coaching Licensing

EHF Rinck Convention (RC) and Coaching Licensing System

- 2000 – 2010 RC (5 levels)
 - > 21 signatories
 - 29 non-signatories
- 2010 RC edition (4 levels)
 - > 2011 invitation for non-signatories to join on their current level
 - EHF check of documents (e.g. ENG, IRL, LAT, etc.)
 - 2011/12 EHF Categorizing of new signatories
- 2012 Master Coach education:
 - > NAT Federation Master Coach courses for Federation and University track coaches
 - **Additional EHF 3 Module Open Master Coach and Licensing Course (Pollany)**

The EHF RC including the Master Coach Education shall preserve as the “educational convention” in Europe and at the same time be the basis for an additional EHF Coaching Licensing System to be introduced step by step for RC signatories on the respective level starting in No.

Reason: Handball development in National Federations linked to European handball and EHF

Transition concept for RC signatories

2010/11 RC	2012 EHF Coaching Licensing
Current Master Coaches	EHF PRO Licence
Future Master Coaches	Need either 3 EHF Licensing Modules or 1 NATcourse with EHF Lecturer(s) for EHF PRO Licence
Level 3	EHF Coaching Licence
Level 2	Upgrade chance via EHF courses
Level 1	Upgrade chance via EHF courses

Personal promotion/upgrade is possible either via the EHF 3 Module System or a general promotion of the country to the next RC level.

The system will be administered by the EHF in close cooperation with the NAT. Only the Master Coach level and/or the highest coaching level in a country will be certified with personal licences by EHF (+ signed by NAT Federation). The NAT Federation has to report the number of coaches on Master Coach and 3rd level to the EHF.

„Sharing Expertise/Facilitating Development“

Statement 1 (by UEFA)

To produce outstanding players and enable them to deploy their talents to the full in a team context also takes outstanding coaches," says UEFA. "Such coaches do not arise out of nowhere. They are first and foremost the product of a high-quality coach education system".

EHF Competence Academy & Network

European Handball Federation

„Sharing Expertise/Facilitating Development“

Statement 2 (by UEFA)

"As well as training the next generation of coaches, coach educators are also vital in supporting the current generation to ensure that coaches keep up-to-date," Roxburgh told the conference. "Coach educators", he said, "have to be aware of the latest trends, keep in touch with how the game develops in terms of speed and tactics, embrace new technology, research teaching methods and seek innovative ways of getting the maximum out of their student coaches".
