Principles of the EHF RINCK Convention- Certificates

The mutual recognition of national coaches' certificates in this convention exclusively refers to the EHF Master Coach certificate (category IV).

An EHF Master (category IV) Coach has to demonstrate the required knowledge and experience for lower certificates as well. The issuing federation has to secure that an EHF Master Coach has the necessary knowledge and experience.

Distinction between EHF Master Coach title and EHF PRO Licence

All current EHF Master Coaches receive the highest EHF License (PRO License) automatically, whereas as of 2014, any coach who receives the title nationally has to attend either an EHF Licensing Course (3 modules + thesis) or the EHF has to be involved in all national Master Coach and Licensing course modules by nominating 2 EHF lectures.
