# Structure of KHF

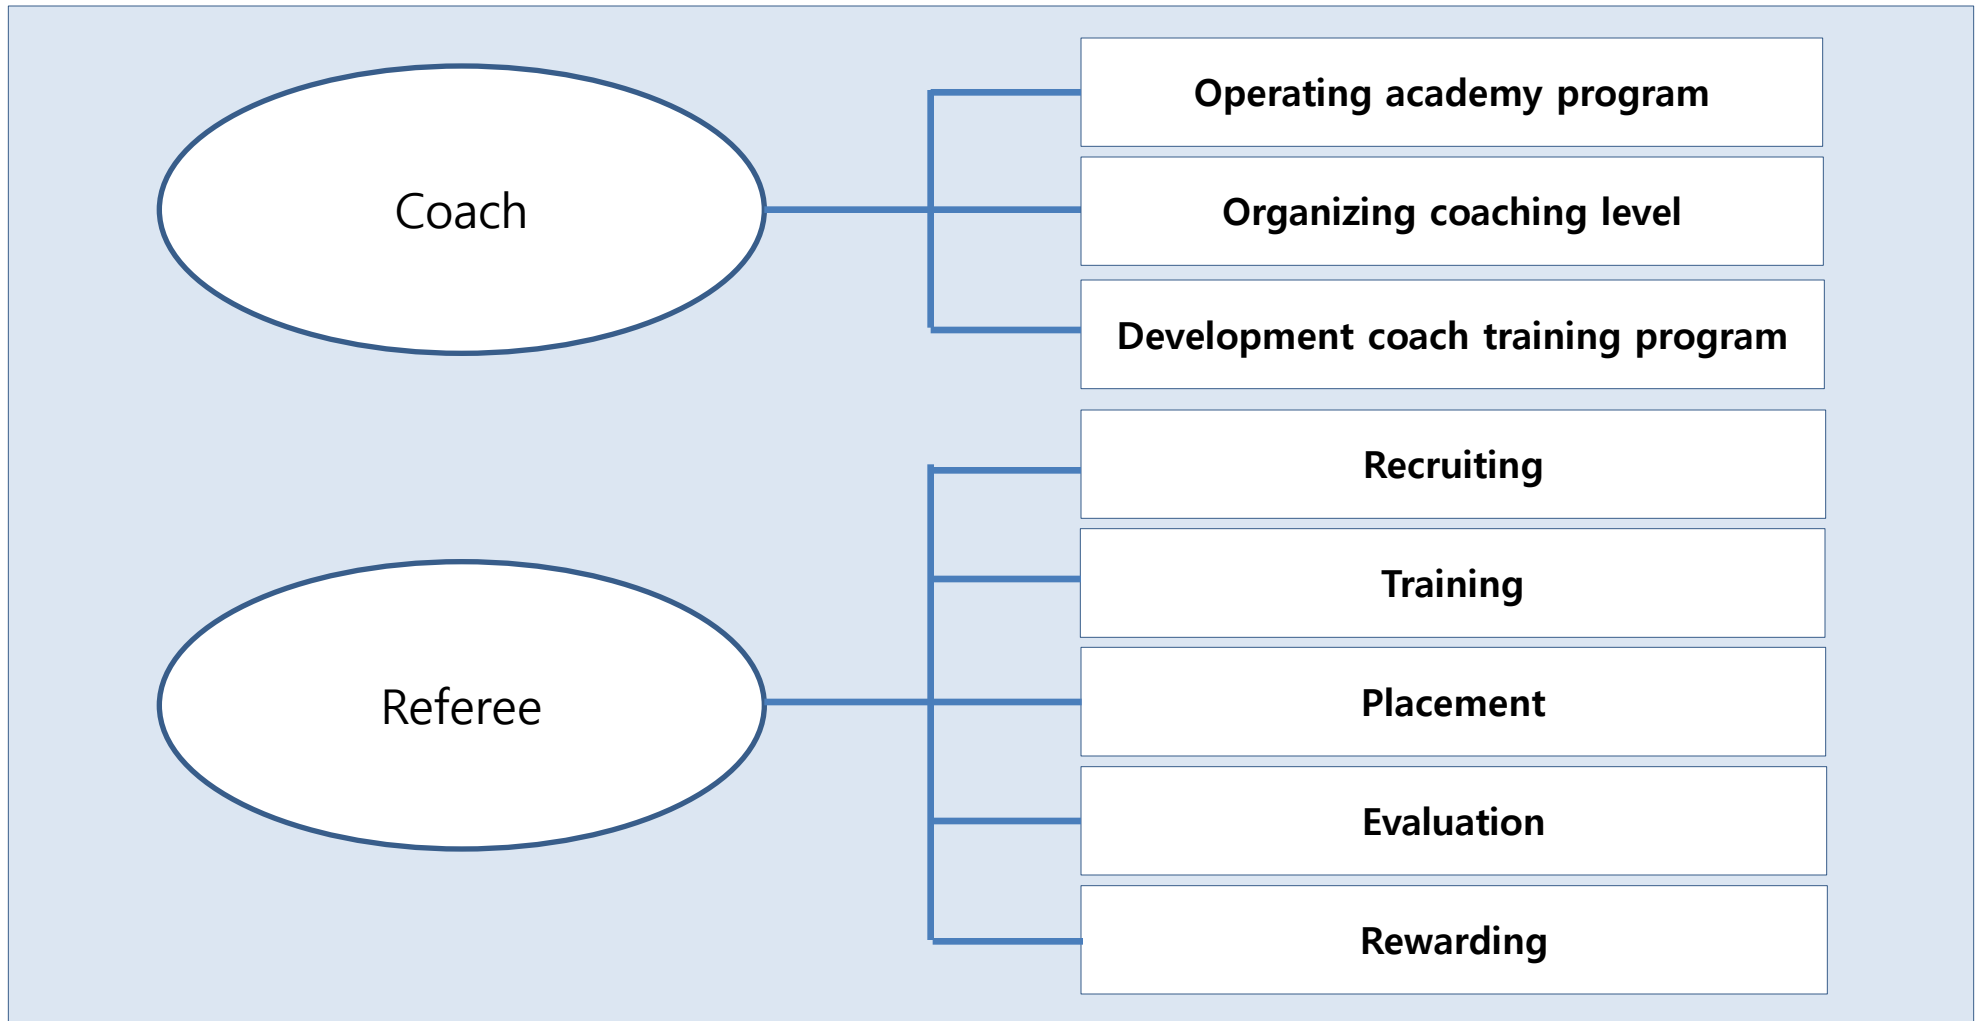

## Intro – Handball Academy

The purpose of establishing Handball Academy is to execute basically R&D function of Korea Handball capability and to secure more exclusivity along with an expansion of associated organizations in Korea

# Program

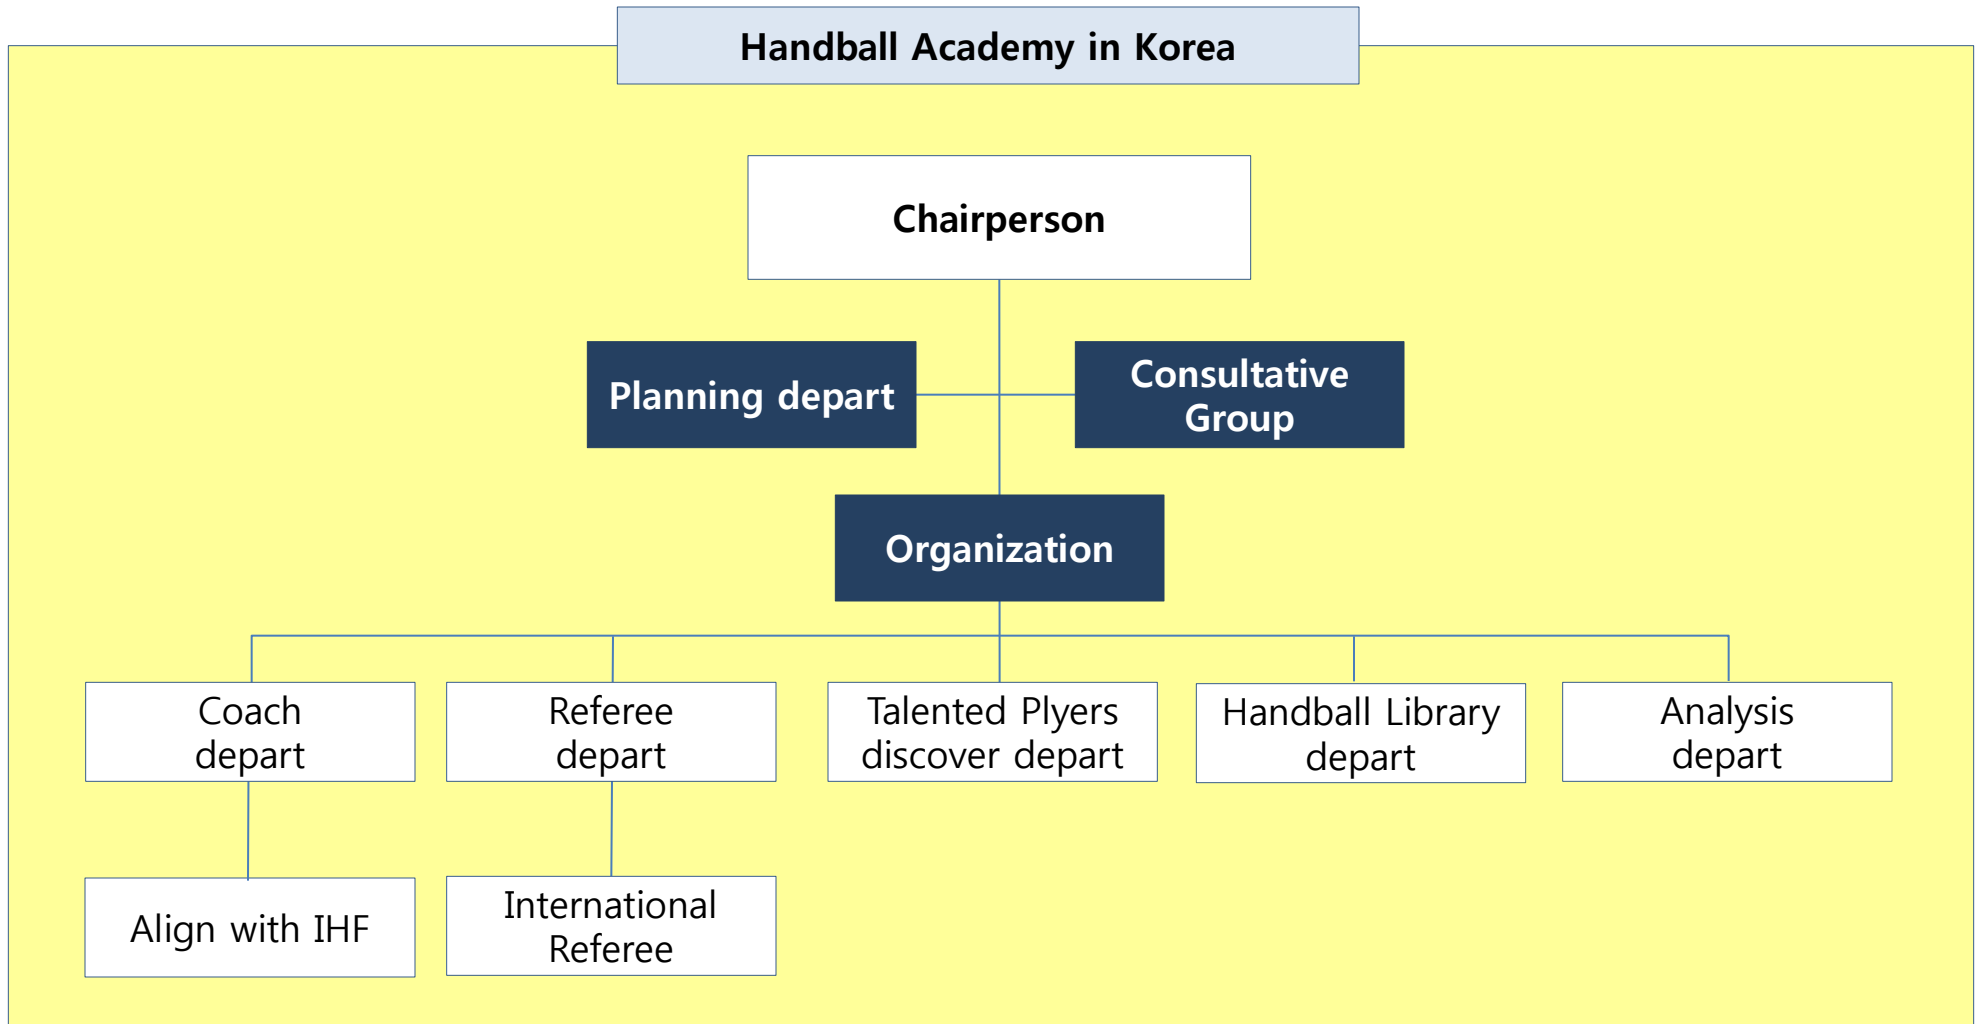

Throughout the establishment of Handball Academy, it will be able to cultivate more outstanding coaching staffs and its referees along with more organized management.

# Organization

The Handball Academy will be divided into 6 different major departments and also 2 more supporting teams and what each of them is trying to do will be shared with its consultative groups

# Cooperation with IHF and AHF

KHF will be closely working with IHF and AHF based on its transparency and it will be extended as a strategic point in Asia.
