What is a clear chance of scoring?

Rules Clarification No. 7.

- A player who **already has ball and body control** of the opponents at the goal-area line has the opportunity to shoot on goal **without** any opponent being able to prevent the shot with **legal methods**
- A player who **has ball and body control** is running (or dribbling) alone towards the goalkeeper in a counter-attack, **without** any other opponent **being able to come in front of him** and stop the counter-attack

What is a clear chance of scoring?

Rules Clarification No. 7.

- ...except that the player **does not yet control the ball** but is ready for an immediate reception of the ball; the referees **must be convinced** that **no opponent** will be able to prevent the reception of the ball with **legal methods**;
- A goalkeeper has **left his goal area** and an opponent with ball and body control has a clear and **unimpeded opportunity** to throw the ball **into the empty goal**. (This applies also if defenders are in positions between the throwing player and the goal, but the referees must then take into account the possibility for these players to intervene in a legal manner.)
