

2007 EHF Youth Coaches' Course
during the
2007 W 19 European Championship

Welcome by Tarik Cengiz / Turkish Handball Federation (THF) President

On behalf of the Turkish Handball Federation I would like to welcome the participants of the 2007 EHF Youth Coaches' Course. In particular we are heartily welcome the participants from abroad and we do hope that you enjoy both the coaches' course and the famous city of Izmir.

The THF thanks the EHF for being awarded with the organisation of the 2007 EHF Youth Coaches' Course and we really hope to provide the best facilities.

The matches of the W 19 European Championship are running fine; the performance of our team is a little bit disappointing but the main task of an organiser is to make available the best possible preconditions for the EChs – and we do hope that we were successfully in that case.

I am wishing you the best for your course and I would like to underline that the THF is welcoming you all again in Turkey – in the European Handball Family.
