

Dear Beach Handball Friends,

On behalf of the EHF I welcome you – in my function of the responsible EHF ExeC member for Beach Handball - on this 4th referees', 3rd delegates' and 1st coaches' course in Beach Handball.

It is a historical one, because for the 1st time the coaches are implemented into this group. To put the facilitators together for the benefit of Beach Handball in general and for the development of our beloved sport in the fields of philosophy, including our main target "FAIR PLAY", rules, regulations and in playing strategies is a fantastic idea.

In my function as the Secretary General of the Hungarian Handball Federation I would like to express our warmest welcome to the international participants and to the EHF education staff here in the region of the Balaton lake.

I wish you an excellent course and successful examinations.

Many thanks for your attention and again welcome in Hungary.

Laszle Sinka / EHF ExeC
