

Closing:

Wolfgang Pollany:

Dear friends,

It is always pretty tricky to give a summary on an event that you have been involved in and responsible for from the very start.

Most of the problems that occur to us being the organizers we fight hard not to let you feel as participants and many of the problems that you see or feel will not occur to us.

Anyhow, I want to state that from my point of view it has been a good seminar. I can say with some pride that we had around 100 participants and for the first time all five continents have been represented.

I shall hope that you liked the presentations and you appreciated the commitment of those who did it.

With this I have to say thank you to all who contributed: the two Swedish legends to my left, the presenters of the University Bochum and VAS, Peter Fröschl for the coordination and organisation and the guys of the Austrian federation – Helmut König as the representative and Christoph Ernst and Christoph Hogl who did a great job in the local organisation and with the demonstration team.

And most of all I have to thank you as the participants because without you we could not have done it and we would not be here neither, thank you for your interest, your attention, your patience and your contribution to the seminar overall.

And now I give the floor to the President of the MC Dr. Frantisek Taborsky to give his summary of the seminar.

Hoping to see you soon again I wish you all a safe travel home, thank you and good bye.

Helmut König:

Ladies and gentlemen,

Throughout the past four days of our seminar we all experienced an atmosphere of warm welcome, were presented with top performances of our lecturers, and watched

fascinating handball during the semi finals and finals at Wiener Stadthalle. The Austrian Handball Federation in cooperation with the EHF have tried to create magic moments for the players, the participants of the Top Coaches' Seminar, and the spectators as well. The media and everybody I spoke to, gave me the impression that we have succeeded in doing so. On behalf of the Austrian Federation I would like to express our hope to meet all of you at the next forthcoming event. If there is anything the Austrian Handball Federation can do to provide help to foster the improvement of handball in your countries, please do not hesitate to ask. I wish you all a safe trip home and hope to see you in Serbia 2012.

Frantisek Taborsky:

Dear Friends,

Before closing the seminar I would like to underline that we saw and heard top quality lecturers, we saw high level matches within the 2010Euro and hopefully you made contact in between your group in order to share experience and knowledge. The seminar and the lectures presented shall give you an inspiration for your daily work as coaches.

Please let me draw your attention to the EHF web site in general and the sub domain www.activities.com in particular, where you can find a lot of material like analyses, course information and Handball articles focussed on various topics. You are heartily invited to contribute also in the last mentioned field – please feel free to send us articles that could be interested for the global Handball community.

My last remark is directed to the not European participants – it was always the philosophy of the EHF to strengthen Handball world wide. Therefore we are really pleased to see coaches from all five continents in this seminar. We know that it is not so easy to visit a European Coaches' Seminar due to a long distance travel and due to visa problems – let us thank for your ambitions with a small gift on behalf the of the EHF.

Finally, I am closing the seminar officially. I wish you a good travel back home – hope to see you on the occasion of another EHF seminar; perhaps in 2012. Please check regularly our web sites in order to be informed.

Good bye!
