

# Topic 2 Group A

- All the countries in the Group have some kind of system within the YRP men and women couples, working or regionaly in the country or with the regional Federation support
- For the evaluation is used system of mentoring support (former referees or delegates for home competitions) and different kind of tournaments and friendly international matches (young categories) in the coutry, where YR are officiating
- Delegates system – very similar in each country, using delegates for the top competitions in each match (except NOR and ISL all tv games and 60% of other compettions top level)
- Observation is fixed for even YPR or other referees through the observes (in some coutries – MKD, RUS in all categorie competitions in each game) in some coutries just in the top competition and lower level compettions according the needs or for the observation of YR couple
- Delegates in each country are/or must be the former top referee or former top player and some coutries ( for example ISL use the former top coaches as well)

# Topic 2 Group A

- **EHF support (needs and expectations):**
- Some more possibility for interactive communication (through the EHF web side system) except of using the web portal
- Discuss about the limit of 50 years for end of the referee carrier (some countries have no age limit some of them different from official one which is 50)
- Spread more the age limit for the YR categories

# Topic Young Referee Project

## Group B

- Improvements:
  - GER: better communication in timing of EHF ref nominations; contact Del – Ref; EHF shall provide courses for Refs; problems in timing. Analysis of ref performance in EHF top level tournaments should be provided earlier
  - FRA: further career of YR in EHF when they are over 23; to organise many tournaments for gaining practice
  - SRB: Need of curricula, need EHF lecturers for national courses
  - LTU: EHF lecturer for ref educ. Courses once per year.

- LAT: More competitions for YR on international level; need of teaching aids like DVDs; to make the job attractive
- NED: regional cooperation; tournaments for YR; evaluation from outside; education of the educators; more time is needed for YR education; faster feedback from EHF concerning the performance of the YR; better structure in particular concerning the age groups
- BEL: big drop-out in the first 2 years; education aid for educators; more int. Tournaments + financial help for sending the YR to tournaments; feedback from EHF
- BLR: financial problems; structure to be built up with EHF; teaching aids + curricula
- UKR: problems with educational structure; teaching aids from EHF (balls for kids, clothing, yellow/red cards)
- HUN: program basically ok; more money is needed, teaching aids are needed as well; age limit in EHF YR project is too low

- BIH: education for educators; YR exchange project – financial help needed; equipment for YR; int.

#### Tournaments

- SWE: teaching aids/DVds for YR; EHF shall make a program for further education of YR
- SUI: clear line of standards for YR; no available places in the YR project; special education needs finances - € 5.000 per year
- AUT: EHF financial support for education exchange to other countries (education courses + tournaments)
- POR: More info to lect. and dels; more tournaments

# Summary

- EHF Lecturers for education courses
- International tournaments for YR education + financial help (also in regional tournaments)
- Teaching aids / tools special for YR
- Equipment for YR
- Feedback from EHF conc. EHF YRP
- Beach Handball shall be an obligatory part in the YR education

# Technology

- Match DVD or download possibility obligatory for the refs in charge
- Education tool for selected technical parameter

# Group C

- YRP
  - Teaching Methods: Mentoring system (former/actual REFs), Regular seminars
  - Problems: Recruitment, Level of HB in own country (need to be appointed more often to international tournaments)
- EHF Support (YRs)
  - Regional Seminars (e.g. using regional competitions for practical part)
  - Material/brochures for National Federations prior the season (lack of material), also via EHF Family Portal
  - Special programs for small HB federations
  - More tournaments needed within Europe
  - Marketing plan
