

SAFETY AND SECURITY

**2010/11 EHF COURSE
for DELEGATES**

European Handball Federation

Safety and Security

**VIOLENCE IS A SOCIETY PROBLEM -
SPORT HAS TO DEAL WITH IT**

Safety and Security

VIOLENCE IS A SOCIETY PROBLEM

- behaviour of players and officials influence the public
- fair play announcement – it starts on court – calm down benches
- be part of the educational process - permanently

THE EHF NEEDS YOUR ASSISTANCE

- communication: information from EHF to DEL, from DEL to EHF
- use the Rules of the Safety and Security Procedure
- adapt the rules to local needs, if asked for, with EHF support

MINIMUM STANDARDS

- laid down in regulations, published in Toolkit as well
- obligatory for everybody involved
- in addition to local laws & regulations

Safety and Security

SECURITY DELEGATES

- every delegate is responsible
- risk classification
- special cases need more attention
- study regulations prior to the event

RESPONSIBILITIES

- local organiser – own merits, but compliance with national legislation
- local organiser – own merits, but compliance with EHF Regulations/IHF Rules
- local organiser – takes care about security measures
- local organiser – address of claims (has to inform EHF)
- EHF DEL – analyse the situation, order measures
- EHF DEL – measures depend on local circumstances
- EHF DEL – play an active role, care for suitable conditions for all teams

Safety and Security

SAFETY & SECURITY PLAN

(responsible: local organiser)

protection of involved people
audience
emergency plan
entrance control
ticketing control
separation of fan groups
free stairs, exits, escape routes
act like stewards – not soldiers
person in charge

EVACUATION PLAN

(responsible: local authorities)

basic hall information, hall plan
emergency exits, routes, lightning
hall capacity, limitation of spectators
instruct police, fire department
first aid: rooms, transport to hospital
person in charge

Safety and Security

SECURITY BRIEFING

- DEL has always the right and duty for safety & security inspections
- inspect the hall
- control signposting of emergency exits and escape routes
- organiser is responsible that hall capacity is not exceeded
- set measures to avoid damage
- report the measures taken
- take care about the guest teams' concerns, e.g. include into security plan
- take security measures into the agenda of the Technical Meeting
- the organiser security must send the security plan to the DEL
- solve problems in a constructive way
- if necessary, enforce the smoking ban in the hall
