Progressive punishment

Suspension;

- “Touching” player, when player is scooting at the goal.
- If the attacking player has passed offensive player and the offensive player tackles/touching
- Offensive player marks for shoot, but makes contact with players arms or body, in such way the attacking player is distracted. (Not when Offensive player only marks for shoot) If the Offensive player stands in goalkeepers area – Only a 6M throw can be granted.
- Unfair play
- Discussion with referees (Several times)

Disqualification;

- Damaging attacking player, when player does not see the offensive player
- Offensive player who makes an "Slot Machine" – Pulling back the scooting arm – Hard / Soft doesn't matter.
- A Horde of Discussion/comments to referees or delegated
- Is hockey tackling – When the offensive player only ones to damage the attacking player – The Offensive player does only have focus on player and not the ball.
