  - Whistle harder
  - MOVE into the situation
  - PC&C "That's the line"
5. Suspension
  - WHISTLE
  - MOVE
  - PC
  - Clear signs to the player and table! Copy

# Progressive line: behaviour and punishments

## Smartness

- Keep your LINE and do not leave it
- But it can be SMART to give a player that has a suspension a hard WHISTLE and a strong eye contact, before the next one.

## 6. 2nd suspension

- TIME OUT & Show clearly the RED CARD
- Don't re-start before everything is OK, and the player has left the court.
- Use the time, show your control without arrogance.
- **Warning** indoor is suspension in Beach

## 7. Red Card

- "Pink" indoor is **CLEARLY RED** in Beach

## 8. Exclusion

- Spitting, throwing sand, hitting
- And a report

# Progressive line: behaviour and punishments

- **The BEST referees follow their progressive line AND;**
  - Give a direct suspension when it is necessary
  - Give a direct disqualification when it is necessary
  - Give a exclusion when it is necessary
- **With other words**
  - Don't keep the progressive line when somebody clearly and directly crosses the line of FAIR PLAY.
  - Promise???

# Other topics for referees

- **Passive play**
  - We shall try to create a fast, technical sport
    - But not a stressful play
  - Pre-warning signal is not a punishment
    - Many goals are scored just after PWS.
- **6m and suspension**
  - Re-enter the court?
    - After a goal
    - After a shot on the post and the defending team takes over the control
  - After a shot on in the post and the attacking player still controls the ball, the play continues without the suspended player
- **From today you are in the Service – business**
  - Help everyone to accept our philosophy
  - Be at the correct spot at the right time
