

EHF CAN – The Idea

EHF „CAN“ Activity Areas (“5 Pillar System”)

An annual EHF CAN Activity Masterplan & Budget has to be set-up by the EHF Technical Advisory Board based on the EHF Technical Commission educational and research activities planned. The final approval of the activities proposed (also including additional budget requests/subsidies) will be given by the EHF Executive Committee/Finance Delegation.

Structure

The current EHF Structure is the basis for the EHF CAN. What has been started once with the internal EHF "Education Group", shall be developed step-by-step into a professional educational and research system, tailor-made for the needs of EHF and its Member Federations. All educational services and research activity proposals will be worked out in the EHF Technical Commissions based on their budget and activity plan, the newly-established EHF Technical Advisory Board (CC, MC and BC Chairmen) will finalize concrete concepts following a masterplan 2008-2012 and propose financial support measures to the EHF Finance Delegation, respectively the EHF Executive Committee that will take final decisions. New activity areas can only be activated by the consent of the EHF Executive Committee. Both the coordination and administration of activities shall be carried-out by the EHF Office.

Objectives

The European Handball Federation (EHF) is the governing body of Handball in Europe! Its 50 Member Federations represent and stand for 50 different kinds of national and international handball know-how. Those individual national handball schools/philosophies shall preserve and by no means replaced by a centralized, uniform and directive handball education!

Handball research, know-how exchange and competence transfer in Europe shall be fostered as an EHF service for the EHF Member Federations by making use of national and international handball experts as well as external lecturers from sport science, medicine, other sports, economy (marketing, equipment suppliers) and media (press, TV, Internet).

The EHF CAN has been established as an educational service centre for EHF Member Federations with subsidies and scholarships granted in order to minimize or delete financial burdens for them. The same holds good for internal EHF Office management training on the job.

The EHF CAN has been established to develop and deliver sport specific educational and training programmes in order to ensure that coaches, officials, athletes and administrators from all over Europe (and the world) have access to the highest quality education relating to "handball know-how" and competence in e-learning, blended learning, interdisciplinary educational courses of various duration, summer schools or mainstream 2-4 semester courses.

The EHF CAN shall set-up business executive education programmes for further educating and training sporting administrators, resort managers and event executives in the handball event management business, e.g. also in event-related courses.

The EHF CAN shall build-up a documentation centre including the production of modern teaching aids and media as well as cooperation agreements with research&developing partners, suppliers and testifying institutions.

Activity Areas:

Technical/Officiating/Coaching Know-how
Management/Event/Marketing/Legal Know-how
Scientific&Research/Game Development/Promotional Know-how

Target Groups:

EHF Member Federations
EHF Officers
EHF Partners
EHF Office Staff
Handball/Sport Public

Competence Modules:

Handball official-related education (referee/delegate courses as already carried-out)
Handball coach-related education (Rinck Convention/ENSSEE, European coaching clinics as already carried-out)
Event management and training on the job (office staff and key personnel)
Sport science-related education, studies and research (universities, EHF partners)
Athlete-related education
Sport management training (post graduate education, ECTS points)
